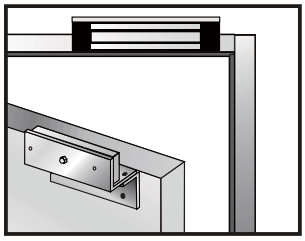
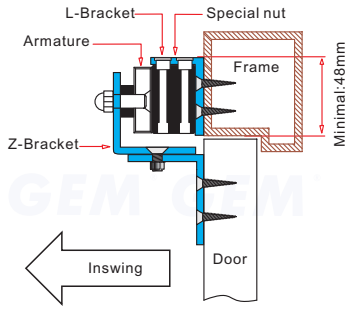
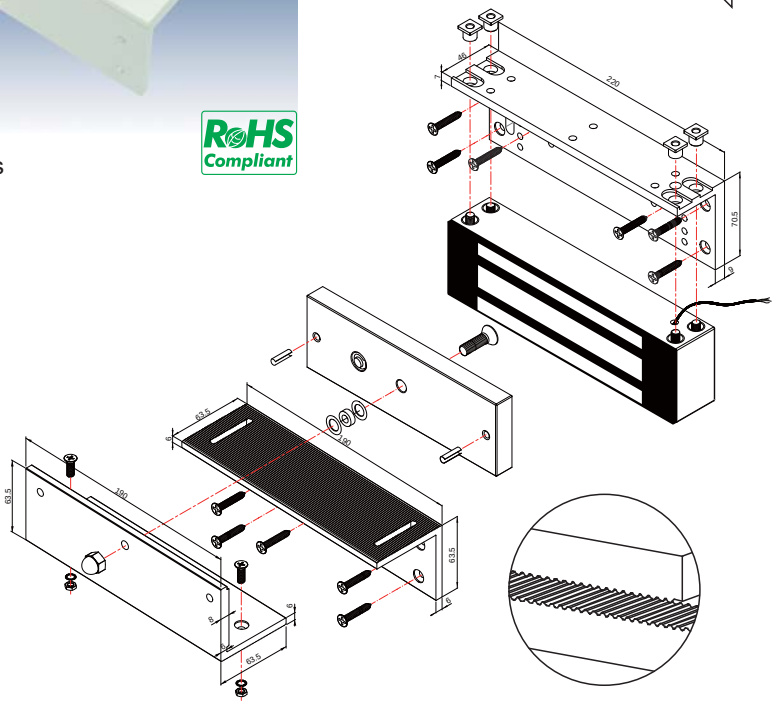
LZ-N10010ST Bracket
Inswing doors



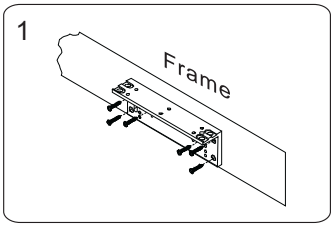


- Application: N10010ST series of electromagnetic locks

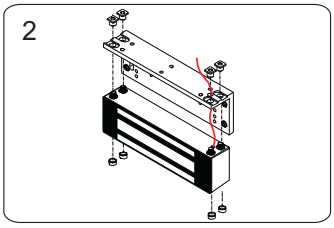


Unit:mm

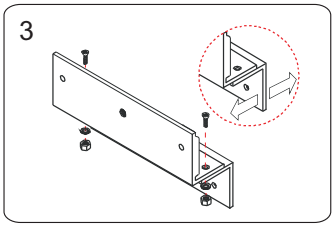
Installation on inswing doors



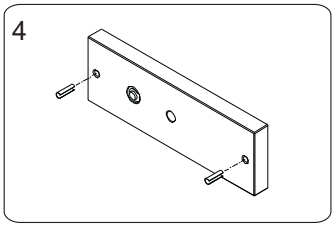
Find a mounting location on the door frame for the L bracket. Make sure that the door is still closeable.



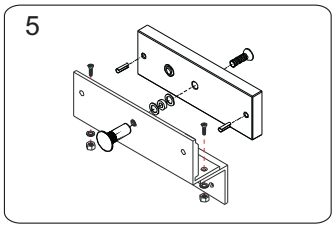
Tighten the magnet to the L bracket with fixing screws and special nuts.



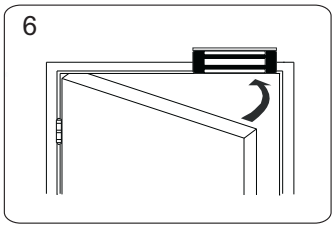
Assemble the Z bracket. Make sure it is adjustable.



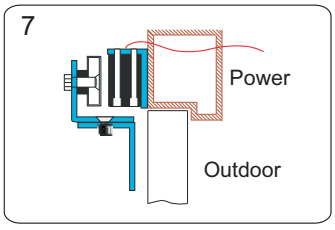
Insert the guide pins into the armature plate.



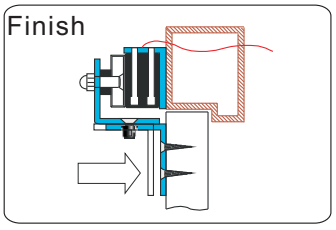
Fasten the armature plate to the Z bracket. (The rubber washer must be added.)



Close the door and connect the power.



After the magnet attracts the armature plate, adjust the Z bracket and fit to the door.



Firmly tighten the Z bracket
