E3A2 Wiring Diagrams

Reset Procedures

How to Reset a Bluetooth Reader with Reset Pins on the PC board?

1. Power off Access Control Reader.
2. Short the two Reset Pins, then power on.
3. Hear a long beep to complete resetting procedures.
4. Login as Admin and check all users, audit trail events are all cleared and all data is reset to factory default setting, except device name and device time.

Crimp connectors included:

Crimp Connector

Use a pair of crimping pliers designed to crimp insulated connectors.

Place the crimp connector into the compression slot. Be sure the crimping jaws are positioned over the stripped portion of the wire. Squeeze the handles together with enough force to crush the end of the butt splice.

E3A2 Dimension

Screw Packages

E3A2 APP

(a) Download E3AK APP

Download the E3AK APP to set up. Scan QR code on the left or go to Apple Store or Google Play depending on what kind of smartphone you use.

(b) E3AK App for Administrator and Users

Press ① to go to Devices page. Select the designated Bluetooth device as shown on ②.

Login first,

• Administrator : Enter Admin ID and Admin Passcode to login.

Default Admin ID: ADMIN

Default Admin Passcode: 12345

• User : Enter User ID and User Passcode to login.

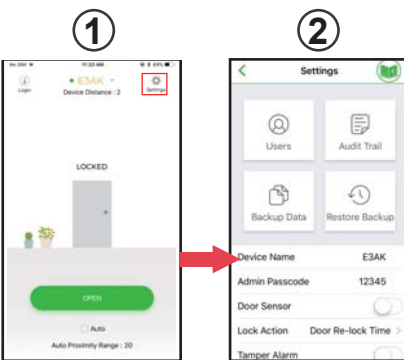

User ID and User Passcode are given by the Administrator.

[Note]

1. Administrator ID "ADMIN" can not be changed. we recommend changing Admin's default passcode "12345" right after you login as the Admin. Go to settings page, tap Admin Passcode to Edit Admin Passcode.

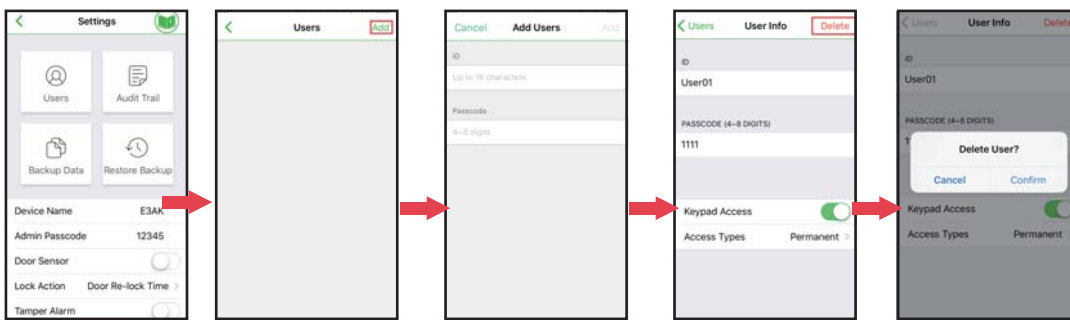

2. Admin passcode and User passcode are also used as keypad Passcode access.

(c) Administrator Settings Page

Press  ① to go to "Settings" page as shown ②.

(d) Administrator Settings Page Users Management Add / Delete / Edit User Information

Press "Users" to edit individual user's information. You can add a user, delete a user, and select individual user to give specific settings.
