

# Call Point CP-44-LB

## Red/Green Backlight Resettable

The GEM CP-44 Series Resettable Call Point features a reset mechanism that avoids glass shards, making it suitable for use in high traffic areas, such as schools, shopping malls, or commercial buildings.

It is designed with four sets of signal output which allows it to connect with electric locks and other accessories such as an alarm or buzzer. The call point also features backlight illumination making it easy to identify in the dark.

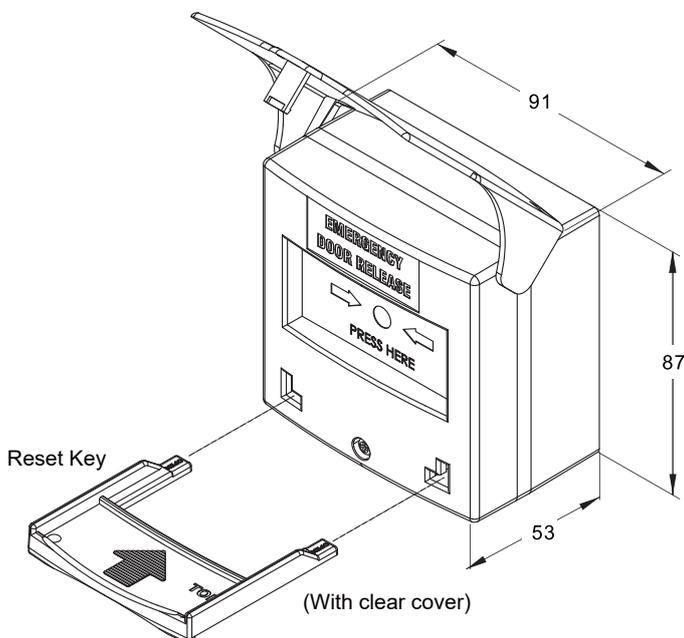

The LED can be set to green or red or turned off.
