

# Digital Keypad System

## Standalone DG Series

### DG-200 Heavy-Duty All Weather Outdoor Keypad

Rugged construction with stainless steel faceplate to withstand harsh weather elements. Ideal for outdoor gate or fence installations.

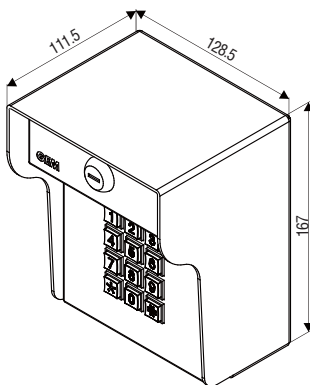

### Standard Features

- Red, yellow, green LED indicators and built-in buzzer for status programming feedback
- Door sensor input for anti-tailgating operation to ensure higher security access control
- Built-in tamper switch
- Dual relays to control door lock and other security devices
- Keypad tamper lockout
- Maximum 20 digit PIN code length to avoid spying
- Adjustable relay output time from 1 to 99 seconds or latching (on/off)
- Audible keypad response
- Non-volatile memory protects programmed information in case of power loss
